Hello,

I am seeking permission to use some part of the book "The official Doom survivor's strategies & secrets".

- 1/ As you the owner of this book content,
- 2/ Are the essays by John Carmack, Kevin Cloud, and Sandy Petersen copyrighted ?
- 3/ If yes, How should I proceed?

Fab

Dear Fabien Sanglard:

Re: The official Doom survivor's strategies & secrets

Thank you for your email.

John Wiley and Sons, Inc. did not acquire the above title from Sybex Inc. as part of its acquisition. Therefore we're unable to accommodate your request. Please contact the author directly for permissions.

Sincerely,

I spoke with Rodney Zaks who used to own Sybex Inc. and he assured me that he sold everything to John Wiley and Sons, Inc. I quote his reply: "If this book was published by Sybex, Wiley has acquired the rights",

I don't see who else could own the right on this book. Could it have gone to ID Software (the publisher of the game Doom) or maybe the author of the book (Jonathan Mendoza) ?

Dear Fabien,

Thank you for your email. While John Wiley and Sons, Inc. did acquire Sybex as part of an acquisition, however we did not acquire the rights to this particular book. Please see below a screenshot to accommodate your request. In this case, we must refer you to the author for permissions.

The screenshot shows the Wiley Global Rights website interface. The browser address bar displays the URL: <http://rights.wiley.com/CGI-BIN/LANSAWEB?WEBEVENT+L0154B63E1601D10146A504T+PRD+ENG>. The website has a navigation menu with links: Titles, Licensees, Submissions, Deals, Permissions, Reports/Links, and Revenue. The main content area features a search form on the left and search results on the right.
